Important Safety Information

AMBIEN and AMBIEN CR may cause serious side effects including complex sleep behaviors. After taking AMBIEN or AMBIEN CR you may get up out of bed while not being fully awake and do an activity that you do not know you are doing. The next morning, you may not remember that you did anything during the night. These activities may happen with AMBIEN or AMBIEN CR whether or not you drink alcohol or take other medicines that make you sleepy. Some of these complex sleep behaviors have caused serious injury and death. People taking AMBIEN and AMBIEN CR have reported:

- sleep-walking
- sleep-driving
- making and eating food
- talking on the phone
- having sex

Stop taking AMBIEN or AMBIEN CR and tell your doctor right away if you find out that you have done any of these activities after taking AMBIEN or AMBIEN CR. Do not take AMBIEN or AMBIEN CR if you:

- have had complex sleep behaviors that happened after taking AMBIEN or AMBIEN CR in the past.
- are allergic to zolpidem or any of the ingredients in AMBIEN or AMBIEN CR.

AMBIEN and AMBIEN CR are federally controlled substances (C-IV) because they can be abused or cause dependence. Keep AMBIEN in a safe place to protect it from theft. Never give your AMBIEN or AMBIEN CR to anyone else because it may cause death or harm them. Selling or giving away this medicine is against the law.

The most common side effects of AMBIEN include drowsiness, dizziness, diarrhea, grogginess or feeling as if you have been drugged. The most common side effects of AMBIEN CR include headache and dizziness. Please see Important Safety Information and full Prescribing Information at www.ambien.com.

You are encouraged to report negative side effects of prescription drugs to the FDA. Visit www.fda.gov/medwatch or call 1-800-FDA-1088.
